

Ici on parle français – PD grants for FSL teachers

East York CI Core and Immersion DEL F Implementation

Team Members:

Sierra Ward-Bond, Hannah Glow, Austin Jafri and
Lea Leung

School District: Toronto District School Board

What We Did

We originally wanted to attend OMLTA together – the goals of the department is to grow our French program. We have a solid cohort of Immersion students and with Extended French merging into Immersion, we wanted to be ready with resources that can meet the needs of many learners. We were not able to attend OMLTA due to the OT shortage, but we visited a French bookstore and took a look at DELF resources. We had co-workers who attended DELF PD with our school learning coaches. We agreed it was our way forward.

What We Learned

DEL F exam templates, DEL F resources, marking schemes.

How We Shared Our Learning With Others

The DELF PD (free to 2 of our teachers) provided many resources and we put it all into a binder in the department. We each chose some DELF resources, along with some supplementary grammar books that we think will provide enrichment opportunities for students. We met once a month during department meetings to talk about how we would implement DELF. We also talked about offering students opportunities to attend DELF exams.

Links to Our Work

We did not create material – we just ensured that we were comfortable with the DELF marking scheme so all the teachers can implement it next year.

Any Next Steps We Have To Continue Our Learning

We will be receiving the DELF resources that we chose shortly. Then we will be talking about replacing final exams with a more DELF-styled exam.
