## Any Next Steps We Have To Continue Our Learning

We are continuing to offer sessions with the Collaborative Network of French teachers in our Board. We have applied to an opportunity to study in Vichy, France this summer. We purchased materials at the Ontario Modern Language Teachers' Association Conference for our Grade 5 classes to help increase capacity in literacy learning next year. We hope to apply for a grant next year so that we can continue to work closely together to improve our best practice and increase student capacity and engagement. Our focus for next year will be action-oriented learning through authentic tasks.
